

# Connect with...

## a Health & Safety Association

For industry-specific health and safety training, information and support, please connect with an HSA. These HSAs can also help employers to obtain a Certificate of Recognition (COR):

HSA	Industry Sector	Contact
These associations are funded through a levy on employers' WCB premiums:

For more information on HSAs and the services they provide, please connect with Partnerships in Injury Reduction ([alberta.ca/partnerships-injury-reduction.aspx](http://alberta.ca/partnerships-injury-reduction.aspx)).

Please note that Alberta OHS does not approve third party training providers, except when training standards are included in the OHS legislation ([alberta.ca/occupational-health-safety.aspx](http://alberta.ca/occupational-health-safety.aspx) → Training). Work site parties should verify on their own whether the training provided by a HSA, or other entity, meets their needs and meets legal requirements. Work site parties are responsible for complying with all applicable legislation.
